Tasting Notes:

Soft and elegant aroma with a light malty nose showing baked bread, honey and a touch of apple. A similarly soothing flavour with gentle sweetness upfront reflecting on the bread/fruity nose, and a quick refreshing finish.

- ✓ German Kolsch-style ale offering the smooth and refreshing characteristics of a lager, with the added malt and fruit sensations of an ale.
- ✓ Malty with an off-dry finish, this savory beer is sessionable and a wonderful compliment to a wide variety of foods.
- ✓ Malty with an off-dry finish, this savoury ale has just the right balance of hops and light bitterness creating a supremely easy-to-drink beer.
- ✓ Although the Germans generally brew Lagers and Wheat beers, this is one of the few Ale in their supreme arsenal of artisan beer styles.
